EXPERIENCE

99Designs.com | Upwork

Freelance UI/UX & Visual Designer (Nov 2016 -Present)

- Creating Graphic solutions from concept through to completion. Responsible for developing and creating digital and print designs for a wide range of print and online campaigns, publications, and advertising.
- Creating wireframes, storyboards, user flows, process flows and site maps.
- Researching and problem-solving to detailed UI and interaction design.
- Developing numerous marketing programs that include logos, brochures, business cards, magazines, presentations, advertisements, to name a few. Also, ensuring that they exceeded the expectations of my clients.
- Working across a wide variety of digital and print projects.

HackerEarth

Senior Visual Designer (Sep 2017 - Feb 2021)

As the lead designer of the Operations team, my responsibilities consist of the execution and curation of design collaterals ranging from Digital platforms to Print. It includes the discussion of the design brief, Ideation, final implementation in coordination with various teams.

- Define or understand the client's brand guidelines and build creatives based on the defined rules.
- Thorough understanding of the right balance between business, design & customers and serving the brand's purpose, business missions, and customer needs.
- Ability to generate clear ideas, concepts, and designs of creative assets from beginning to end.
- Worked with clients like Mercedes, P&G, HDFC, Caavo, Walmart, Lenskart, Practo, Thoughtworks, Udacity and many more.

Tech Mahindra

Visual Designer (Sept 2014 - Nov 2016)

As a critical member of the company's sales and marketing team, I developed some innovative concepts and ideas that led me to the top rating in my first appraisal round.

- Actively involved in advertising most of the events organized internally. Designed quarterly newsletters, magazines, and social media posts.
- Lead a small team of 3 graphic designers.

EDUCATION

Bachelors of Computer Science (Aug 2010-July 2014)

Guru Nanak Dev university

B.Tech in Computer Science and Engineering, 2014 Batch, 7.75 CGPA.
